Baker Mayfield scored single digits for the first time since Week 6, 2023. This was his worst 2 week stretch in 3yrs.

A.1: Cam Skattebo, we all knew the candle was burning far too bright to last

but quite frankly we all thought it was going to be his brains that broke first not his right ankle. Notable bald man Zach Baun busted it and now he's in line for season ending surgery. Just when we thought Donny's team couldn't get much worse, he now has his beloved Skatpack on IR. The bruising pinball of a running back is currently RB10 in the league and RB2 on the Breheim & Marfiem scale.

**"I give you everything and you give me THIS on offense?!"**

**- Myles Garrett**

**"Actually, we gave you tons of money, shut it Myles"**

A.2: Baker Mayfield just put up his worst 2 week stretch in years and worst game since joining the Bucs. IT'S OVVVEERRR. At least his push for the MVP may be over. Don't fret though bettors, first drive TD is free money for him in Week 10 after his bye!

A.3: Did someone mention a bye? Coming fast and furious are bye weeks and no one suffers more than Berdos this time of year! Common sense suggests having some depth and multiple starter worthy players. That all goes to shit when the 49ers only possess the ball for 18mins! Nice
